Boston Virtual Cybersecurity Summit

Spencer Fane attorney [Shawn Tuma](#) recently presented at the Data Connectors Boston Virtual Cybersecurity Summit covering legal concerns in cybersecurity.

Titled “Cybersecurity and the Law,” the Expert Panel Discussion focused on the new requirements, regulations, and what every cyber professional should know. With decades of experience in cybersecurity law, Shawn weighed in on questions from cyber professionals, and provided insight on the protocols that affect staff, vendors, and marketing teams.

In his practice, Shawn’s focuses on helping clients with cyber risk management and cyber incident response. Shawn is frequently sought out and hired by other lawyers and law firms to advise them when these issues arise in cases for their own clients.
