

Shawn Tuma Explains Zoom Privacy and Security Concerns

Spencer Fane attorney [Shawn Tuma](#) was recently consulted for multiple video interviews with Dallas-Fort Worth *CBS affiliate, KTVT-TV DFW*, explaining the possible privacy and security concerns of the video conferencing tool Zoom.

While Zoom claims they do not sell personal data, Shawn explains, “we as consumers now have to know that if we’re being given a free service, we are a product of that service.” To watch the full news segment, please click [here](#).

Shawn explains best practices for using tools like Zoom, in [this recent blog post](#).
