## Spencer Fane Lands a Spot on the CR100 Fastest-Growing Companies

Spencer Fane was recently featured on *Ingram Magazine's* Corporate Report 100 (CR100) as one of Kansas City's fastest-growing companies in 2020.

The CR 100 is a rigorously researched and compiled list, based on information obtained from hundreds of businesses headquartered in Kansas City. As the only law firm ranked on the 2020 list, the firm's growth can be attributed to recent expansions into new markets and growing its practice to include attorneys serving industries ranging from banking and financial services and commercial real estate to healthcare, manufacturing and oil and gas.

Ingram's CR100 reporters noted that "We just knew it was a matter of time before Spencer Fane would make the CR100," explaining that while the firm's roots date back to 1879 it has executed on a growth strategy in recent years to meet clients in markets and industries in which they are doing business.

The firm's growth has been made possible, in part, by its commitment to the Spencer Fane culture and core values that centers on the client. In fact, this cultural dynamic stood out to *Missouri Lawyers Weekly*, which also recently reported on the firm's growth and values, writing that "the firm's top professional trait – humility – seems out-of-place in the hard-charging legal world.
